## TENT DIAGRAM

## DETAILED SPECIFICATIONS

**THE AFEX SPECIAL** frame tent has high walls which provide full headroom throughout the tent. It is exceptionally airy and cool due to the protective flysheet placed well above the inner tent and large insect proofed windows. Frame Tents have a verandah in front. The rear can be extended to include shower and toilet cubicles to form an en-suite accommodation unit.

- Canvas** Selected heavy duty proofed cotton canvas, minimum weight 550 grams per meter. Standard colors to choose from are sand, olive drab and bright green.
- Doors** Front and Back; Inner netting doors available as extra; Additional vertical velcro closure on all doors.
- Windows** Eight (8) large windows with protective insect proof netting and storm flaps. 2 windows front and back and 2 windows on each side.
- Groundsheet** Sewn-in for total protection; In UV Stabilized supported Polyvinyl Chloride material minimum weight 650 grams per meter.
- Frame** 32 mm sectional collapsible steel tubing painted to match the tent colors.
- Packaging**
- Three (3) Bales: Weight -**
